Hi, Rich. Thank you again for taking the time to review and provide comments on the draft Five-Year Review. I just put a hard copy of the final in the mail to you – it will go out tomorrow. The report is also available electronically, from the project web site:

<http://www.epa.gov/superfund/wyckoff-eagle-harbor>

I hope you aren't disappointed with how we handled your suggestion to discuss treaty rights. We didn't feel that particular comment belonged in "Recommendations", which is essentially a "To Do" list for EPA. We are required to address items in that section before the next Five-Year Review. We acknowledged and discussed treaty rights in several places in the report, including the Site Background (Section 1.1) and the Detailed Site Background, (Appendix B). Treaty rights are also discussed in the summary of your site interview and in the interview itself.

Please let me know if you have questions or need additional copies.

Best regards,
